

MIDLAND PRO BUSINESS MOBILE BANKING

ABOUT THE ACCOUNT

Access your Midland accounts from a single, simple and secure business mobile solution. Mobile Banking makes it easier for your business to do your banking quickly with all pertinent information at your fingertips!

KEY CAPABILITIES

- ACH & Wire approvals
- Transfer funds between Midland accounts
- View account balances
- View transaction history
- Find a Midland location
- Find a Midland ATM
- Easily access Midland contact information

SECURITY

Keeping your information secure is top-of-mind at Midland. Your permissions and user entitlements come directly from your online banking channel. This eliminates the need to manage entitlements (account access, approval limits, etc.) in two places, easing administration responsibilities. This integration also means that your users can access their mobile banking app with their online banking password and security credentials.

Other features include:

- Multi-Factor Authentication at:
 - Login
 - Transfers
 - Wire approval
 - ACH approval
- Device ID
