Midland uses a Three Part Login consisting of the following:

Company ID
User ID
Password

First-Time Login information:

Company ID - provided to Primary Admin via Welcome email 9/26/19

User ID - your Current HomeStar User ID

Password - a new temporary password

Your temporary password consists of the following:

- The first 4 characters of your Company ID (lowercase)
- The first 4 characters of your User ID (uppercase)
- Ending with: #8

Example

Company ID: Company

User ID: User

Password: compUSER#8

All users will be automatically prompted to change your temporary password upon initial login.

NOTE: Only users of companies with ACH, Wire or Remote Deposit Capture are required to use a token. All other users will login with a Company ID, User ID and Password.

Security Token

For users with ACH, Wire or RDC services, a security token is required to successfully and securely utilize Midland States Bank's Pro Online Suite and submit ACH, Wire and RDC files.

- Token users will enter their Company ID, User ID and Password and click Login
- Upon clicking Login, users will be taken to another screen for token activation and completion of the login process
