

October 4, 2019

Hello!

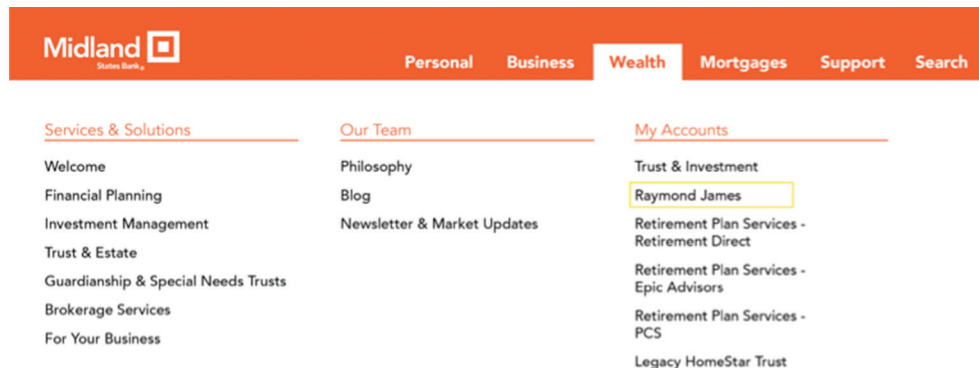

We are two weeks away from the official transition to Midland Wealth Management from HomeStar Wealth Strategies. We are truly excited to expand our presence in Kankakee County. Our name and colors at our local offices will change beginning on October 18, but the level of service and personal touch that you have come to expect will remain the same.

Our local team of Financial Advisors will remain located within the banking center offices at 576 William Latham Drive in Bourbonnais and 303 Section Line Road in Manteno.

As a reminder, since Midland has an existing relationship with Raymond James, your products and services will be unchanged. Our team of professionals in Kankakee County and the surrounding areas will be stronger than ever after the transition and will continue to assist you in reaching your financial goals.

On Monday, October 21, please note that the HomeStar website will be redirected to midlandsb.com. If you previously bookmarked a page to the online login area for your Raymond James account, you will need to go to the midlandsb.com website to access your account information. To access your online accounts on midlandsb.com, you will use the same login credentials as you have now.

From the midlandsb.com website, access your account by selecting the "Wealth" tab at the top-right of the screen. Then under "My Accounts," you will see "Raymond James." From this link, you will be able to access your account information. There are no changes to the system you are already accustomed to using.

Should you have any questions about this or other topics, please don't hesitate to contact your dedicated Financial Advisor. Sue Lockwood can be reached at (815) 468-2368 and Matt Diepeveen at (815) 935-9440.

We look forward to continually servicing your financial needs.

Sincerely,

Eric Chojnicki  
Investment Program Manager  
President  
Midland Wealth Management
